UNIVERSITY CALENDAR.

The calendar of the University for 1912 is now under preparation. That portion of Volume II of the calendar relating to the alphabetical list of graduates is carefully revised from year to year by the University office. The Registrar will be obliged to graduates and others for information in the following form, to enable the office to correct the list and bring it up to date.

The Registrar will be glad to receive intimation from time to time of the changes in the occupation of graduates and of the names, if any, of the deceased graduates. Such information when given should be as complete as possible so as to enable the office to amend the list correctly.

N. B.—As there is likely to be some objection in future regarding the right of raiyats to repair the several kattes now included in the reservation, as the Forest Department is not likely to be interested in maintaining them and as their maintenance is very necessary in the interests of cattle owing to the poor rainfall in these tracts, the raiyats are entitled to repair the respective kattes when the same fall into disrepair.
